Dear,

Serbia Fashion Week invites you to participate in a contest for all students of the Academies of Fashion Design. Namely, Serbia Fashion Week successfully organized the FTDC - Fashion Talent Design Competition, a competition on a national level, but we decided to give an opportunity to students from European countries. So, since 2015 we are organising the EFTDC - European Fashion Talent Design Competition. This is an exceptional opportunity for young talents who want to break into the top of the fashion scene.

We would like to ask you for your help to promote this contest and send information to all e-mail addresses of your students. We would be grateful if you could also forward them our contact information in order to continue further communication and cooperation at the upcoming Serbia Fashion Week in April.

In agreement with the President of Serbia Fashion Week, Mrs. Svetlana Horvat, I am sending you the necessary documentation for this competition in hope that we will achieve a successful cooperation. What is more, we hope you will participate in our contest in order to help your students and young talented designers.

If you need any additional information, please contact us.

Kind regards,  
Nataša Pavlović  
EFTDC Coordinator
